

Sven Algholm
First Cargo Sweden AB

Sven Algholm currently works in First Cargo Sweden AB with sales & in the air & ocean department. Sven is also one of four shareholders in the company.

Sven started his carrier in the summer of 1986 at ASG (today DHL) after high school where he studied International transport & logistics. He had a break autumn 86 to spring 87 due the military service and came back to ASG spring 1987. At that time ASG was one the biggest forwarder in Sweden and Sven went through many departments in the company. Customs clearance department, ocean& trailer traffic to/from Portugal& trailer traffic to the UK. He left ASG in May 1997 after working the last 3 years at the container consolidation traffic department mainly with South America, Israel, Australia and the East Coast of US. Sven went to a smaller forwarder that 1999 was sold to the Swedish railway, SJ, and their goal was to build a new big forwarder in Sweden. During this procedure he meet his current company partners, Thomas Lindström, Leif Johnson & Johan Almén and they found out that they had the same way of thinking about forwarding, try to develop long terms collaboration with booth clients and suppliers with a personal touch in a professional way and have fun at work. They decided to start their own company. In July 2000 Fist Cargo was born. From four persons First Cargo is today, May 2019, 23 employees in the group with a worldwide network. In 2007 First Cargo became a member of GLA and Sven currently serve on the Board of Directors in GLA.
